

# ENHANCE PRODUCTIVITY INCREASE EFFICIENCY

GET THE MOST ACCURATE PROJECT VIEW OF ORACLE PRIMAVERA P6 .XER AND .XLS FILES AND DRIVE TEAM COLLABORATION TO SUCCESSFULLY ACHIEVE YOUR GOALS!

*PrimaveraReader enables you to open and view project information from .xer or .xls file formats without the need to have an Oracle Primavera P6 installed on your device.*

## REDUCE UP TO 90% ON SOFTWARE LICENSING COSTS

With PrimaveraReader you can save more than 90% on the cost for obtaining an Oracle Primavera P6 license.

## VIEW PROJECT DATA FROM ORACLE PRIMAVERA P6 .XER OR .XLS FILES

Project Schedulers can export project data from Oracle Primavera P6 in .xer or .xls file formats and share with their team. In order to view the project information, team members need PrimaveraReader to convert data from project files and visually display the schedule progress over time.

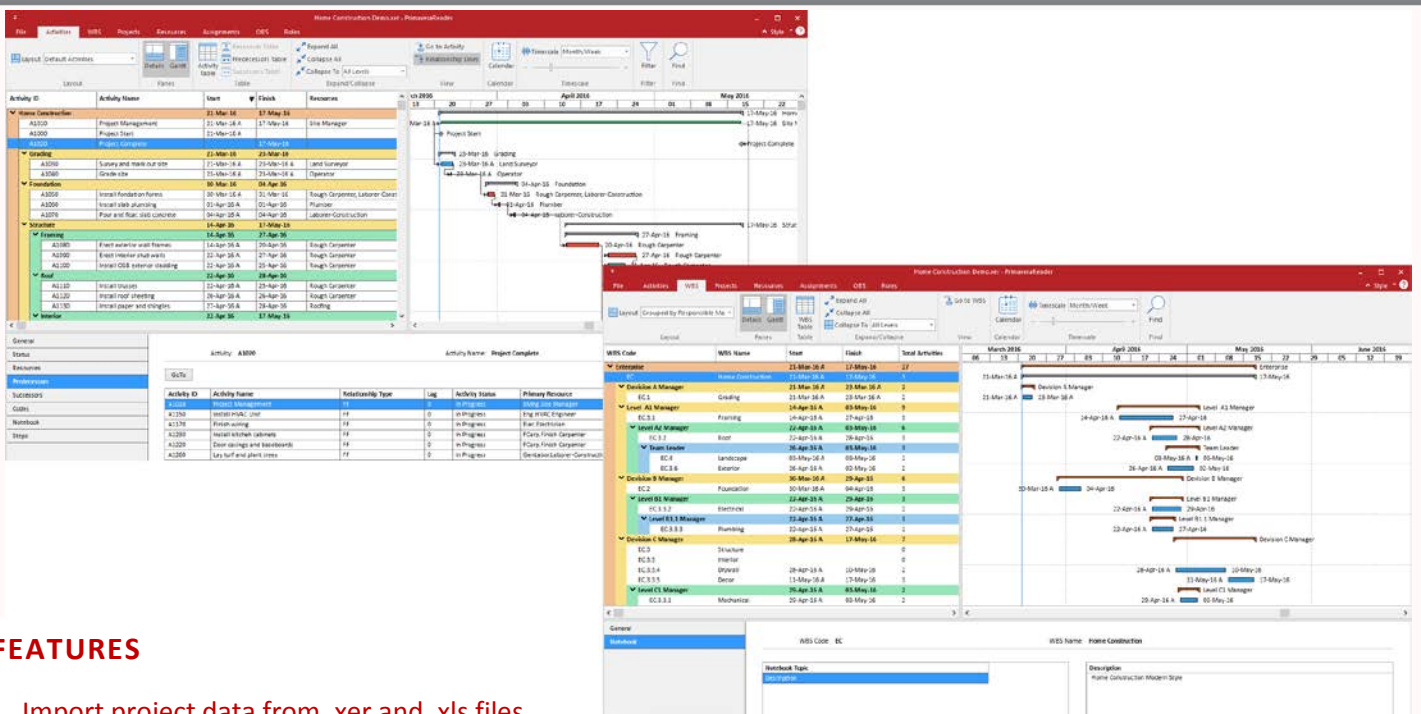

## ENABLE TEAMS TO WORK IN A FAMILIAR ENVIRONMENT

PrimaveraReader user interface is very intuitive and easy to use. Projects are presented in a similar way, thus the team members can better visualize the potential consequences for planned activities.

## KEY BENEFITS

- Save on software licensing costs.
- Easy to use application.
- Interactively work with your projects.
- Visual presentation of project schedules.
- Compare updated versions of project files.

## KEY FEATURES

- Import project data from .xer and .xls files.
- Display WBS, EPS and OBS views.
- Show Resource Assignments.
- Baselines to compare projects.
- Import layouts for organizing data.

## GAIN ACCURATE INSIGHTS INTO PROJECT PROGRESS

All calculations for dates, durations and resource assignments on each level of the project are based on a specific calendar assigned to them. You can see the details for global, project or resources calendars. Apply different layouts to group, sort and organize data for better decision making.

## TOP REASONS

### Greater Control

From project managers, team members to contractors and subcontractors PrimaveraReader will give you confidence that responsible people share the exact view on schedule progress.

### Cut Costs

PrimaveraReader can help businesses, which already use Oracle Primavera P6, to manage and control projects, and reduce the costs on software licensing for people that need to view project information.

### Flexible Licensing Options

For small and medium sized companies to large enterprise organizations we offer different licensing models to best suit your business needs.

### Dedicated Customer Support

Our support team is ready to answer your questions and help you while working in PrimaveraReader.
